Item 4 Advisory Business

Description of Services and Fees
Argent Retirement Plan Advisors, LLC ("Argent Retirement"), is a registered investment adviser, organized as a limited liability company under the laws of the state of Oklahoma. Our firm has been providing investment advisory services since 2012. Argent Financial Group, Inc. is our principal owner and Mark Milton is our President.

Currently, we offer the following investment advisory services, which are tailored to each client relationship:

- Pension Consulting Services

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your plan needs. As used in this brochure, the words "we", "our" and "us" refer to Argent Retirement and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm.

Scope of Services Overview: Argent Retirement provides investment advisory/pension consulting services to participant directed retirement plans. Argent Retirement does not provide services to any other type entities, nor is it engaged by any individuals (including plan participants) to provide investment advisory services. Argent Retirement does not execute any securities transactions for its clients. Argent Retirement is custodian neutral (the retirement account custodian is usually directed by the Plan sponsor). Argent Retirement's only compensation is derived from the advisory fees paid to it by its clients. Argent Retirement does not receive any transaction-based or any other type of compensation. Argent Retirement does not currently implement any securities transactions for participant directed retirement plan clients, nor does it currently devise and mange any asset allocation models that are included on a plan's investment platform. All clients execute an *Investment Policy Statement* that governs the advisory engagement.

Argent Retirement is engaged by participant directed retirement plan sponsors to assist Plan sponsors with the investment menu from which plan participants shall choose in managing their individual plan retirement accounts. The engagement can be obtained by Argent Retirement as result of an RFP process. All RFPs are reviewed and approved by Argent Retirement's Chief Compliance Officer prior to submission to the requesting Plan. For such engagements, Argent Retirement recommends a platform of unaffiliated investment vehicles to the Plan trustees for their consideration and approval (primarily, unaffiliated lowest appropriate share class open-end mutual funds and collective trusts). In limited engagements, Argent Retirement has been granted the authority by the Plan trustees to select the investment vehicles. Plan participants then choose from the investments on the approved platform to manage their individual retirement accounts (the participants make their own decisions and transactions. Argent Retirement **does not** serve as the fiduciary investment adviser to the plan participant). When specifically engaged by the plan sponsor to do so, Argent Retirement may provide general education to participants to assist them in making investment decisions for their individual retirement accounts. The Plan shall receive a 408(b)(2) Notice upon engagement, and subsequently if/when there is a change to such Notice. Argent Retirement continues to maintain an ERISA bond.

Pension Consulting Services

Our primary business is pension consulting services to participant directed ERISA plans (***see below***). Before engaging Argent Retirement to provide services, clients are required to enter into an agreement with us setting forth the terms and conditions of the engagement, describing the scope of the services to be provided, and the fees that a client will incur (***see*** fee schedule at Item 5 below). Argent Retirement provides pension consulting and investment advisory services specific to the needs of each plan client. Before providing pension consulting and/or investment advisory services, we will ascertain the client's (i.e., the plan) investment objective(s), and confirm same in an Investment Policy Statement.

We offer pension consulting services to employee benefit plans and their fiduciaries based upon the needs of the plan and the services requested by the plan sponsor or named fiduciary. In general, these services

may include an existing plan review and analysis, plan-level advice regarding fund selection and investment options, education services to plan participants, investment performance monitoring, and/or ongoing consulting. These pension consulting services will generally be advisory in nature. The ultimate decision to act on behalf of the plan shall remain with the plan sponsor or other named fiduciary.

We may also assist with participant enrollment meetings and provide investment-related educational seminars to plan participants on such topics as:

- Diversification
- Asset allocation
- Risk tolerance
- Time horizon

Our educational seminars may include other investment-related topics specific to the particular plan.

We may also provide additional types of pension consulting services to plans on an individually negotiated basis. All services, whether discussed above or customized for the plan based upon requirements from the plan fiduciaries (which may include additional plan-level or participant-level services) shall be detailed in a written agreement and be consistent with the parameters set forth in the plan documents.

Types of Investments
Argent Retirement generally recommends a platform of unaffiliated investment vehicles to the Plan trustees for their consideration and approval (primarily, lowest cost appropriate share class open-end mutual funds and collective investment trusts generally. We can and do offer advice on and recommend exchange traded funds (ETFs),

Use of Mutual Funds, Collective Investment Trusts, and Exchange Traded Funds
Most, if not all, of the mutual funds that we utilize or recommend are available to the public. Thus, a prospective client can obtain many of the funds that may be utilized by Argent Retirement independent of engaging Argent Retirement as an investment advisor. However, if a prospective client determines to do so, they will not receive Argent Retirement's initial and ongoing investment advisory services and may not have access to the same share classes Argent Retirement would use or recommend. In addition to Argent Retirement's investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund, collective investment trust, and exchange traded fund purchases, charges imposed at the fund level (e.g., management fees and other fund expenses).

Limitations of Service - No Financial Planning - No Non-Investment Implementation Services
Argent Retirement does not provide financial planning or related consulting services regarding non-investment related matters, such as tax and estate planning, insurance, etc. We do not serve as an attorney, accountant, record keeper, pension administrator, or insurance agent, and no portion of our services should be construed as same. Accordingly, we do not prepare estate planning documents, tax returns, or sell insurance products.

To the extent specifically requested by a client, we may recommend the services of other professionals for non-investment implementation purpose (i.e., attorneys, accountants, insurance, etc.) The client is under no obligation to engage the services of any such recommended professional. If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional[s] (i.e., attorney, accountant, insurance agent, etc.), and not Argent Retirement, shall be responsible for the quality and competency of the services provided.

Artificial Intelligence. Argent Retirement may use certain Artificial Intelligence ("AI") tools in connection with its investment advisory services. Argent Retirement has adopted an AI Policy that governs the appropriate use of AI tools to ensure that Argent Retirement and its employees abide by their fiduciary duty and comply with all applicable regulations. AI tools are not used by Argent Retirement as a substitute for professional judgment by Argent Retirement or its employees, and all AI generated output is reviewed by

Argent Retirement for accuracy. All investment decisions and recommendations are made and approved by Argent Retirement. The use of AI tools does not guarantee the accuracy of analyses or the success of any investment strategy. Clients should not assume that reliance on AI tools results in better performance or reduces risk. AI tools involve limitations and risks that Argent Retirement monitors and manages. These risks include, but are not limited to, data security concerns, potential inaccuracies, and possible algorithmic biases. To mitigate these risks, Argent Retirement has implemented controls such as pre-approval requirements for AI tools, restrictions on providing nonpublic personal information to public AI systems, vendor due diligence, review of AI-generated materials, and employee training on appropriate AI usage.

Cybersecurity Risk. The information technology systems and networks that Argent Retirement and its third-party service providers use to provide services to Argent Retirement's clients employ various controls that are designed to prevent cybersecurity incidents stemming from intentional or unintentional actions that could cause significant interruptions in Argent Retirement's operations and/or result in the unauthorized acquisition or use of clients' confidential or non-public personal information. Clients and Argent Retirement are nonetheless subject to the risk of cybersecurity incidents that could ultimately cause them to incur financial losses and/or other adverse consequences. Although Argent Retirement has established processes to reduce the risk of cybersecurity incidents, there is no guarantee that these efforts will always be successful, especially considering that Argent Retirement does not control the cybersecurity measures and policies employed by third-party service providers, issuers of securities, broker-dealers, qualified custodians, governmental and other regulatory authorities, exchanges and other financial market operators and providers.

Client Privacy and Confidentiality. Argent Retirement maintains policies and procedures designed to help protect the confidentiality and security of client nonpublic personal information ("NPPI"). NPPI includes, but is not limited to, social security numbers, credit or debit card numbers, state identification card numbers, driver's license number and account numbers. Argent Retirement maintains administrative, technical, and physical safeguards designed to protect such information from unauthorized access, use, loss, or destruction. These safeguards include controls relating to data access, information security, and incident response, and are reviewed to address changes in risk and business. Client information may be disclosed in response to regulatory requests, legal obligations, or as otherwise permitted by law, and any such disclosure is made in accordance with applicable privacy and confidentiality requirements.

Argent Retirement may engage non-affiliated service providers in connection with providing advisory services, and such providers may have access to client NPPI, as necessary, to perform their functions. Argent Retirement confirms that service providers maintain safeguards designed to protect client information from unauthorized access or use and provide notice to Argent Retirement in the event of a cybersecurity incident involving client information maintained by the service provider. While Argent Retirement maintains policies and procedures designed to protect client information, such measures cannot eliminate all risk. Argent Retirement will notify clients in the event of a data breach involving their NPPI as may be required by applicable state and federal laws.

Client Obligations
In performing our services, Argent Retirement shall not be required to verify any information received from the client or from the client's other professionals and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify Argent Retirement if there is ever any change in its financial situation or investment objectives for the purpose of reviewing, evaluating or revising our previous recommendations and/or services.

Investment Risk
Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including those utilized or recommended by Argent Retirement) will be profitable or equal any specific performance level(s).

Assets Under Management
As of December 31, 2025, we provide non-discretionary advisory services to approximately $683,140,774 in retirement plan assets.

Item 5 Fees and Compensation

Pension Consulting Services
Our fee schedule for pension consulting services is as follows:

Assets	Annual Fee
$1.5 million to $5 million	0.65%
$5 million to $10 million	0.50%
$10 million to $15 million	0.40%
$15 million to $25 million	0.30%
$25 million to $35 million	0.20%
More than $35 million	0.15%

The above fee schedule is not tiered, instead fees shall be calculated using the lowest percentage rate reached, based upon the aggregate value of the plan.

Accounts with less than $1.5 million in assets will be charged a fixed fee of $3,000 per quarter. As the result thereof, plans with less than $1.5 million of assets will pay a higher percentage advisory fee than that stated in the above fee schedule.

Our advisory fees for customized services will be negotiated with the plan sponsor or named fiduciary on a case-by-case basis.

The above fee can be modified at our discretion (i.e., charge a different percentage fee, a flat fee, modify/waive the quarterly minimum fee, billing interval, etc.) based upon various objective and subjective factors including but not limited to: the amount of assets within the plan; portfolio composition; the scope and complexity of the engagement; the anticipated number of meetings and servicing needs; the professional(s) rendering the service(s); prior relationships with us and/or our representatives, competition, and negotiations with the client. As a result of these factors, similarly situated clients could pay different fees, the services we provide to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above.

Fees will be billed and paid monthly or quarterly in arrears. If our services are retained in the middle of a billing period, the fee for such month or quarter will be calculated on a pro rata basis, based upon the number of days remaining in the month or quarter.

We will send you an invoice for the payment of our advisory fee, or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to plan participants at least quarterly. These account statements will show all account transactions and/or disbursements. Statements should be reviewed for accuracy.

Unless otherwise mutually agreed to by the parties, either party to the pension consulting agreement may terminate the agreement upon 30-days written notice to the other party. The pension consulting fees will be prorated for the month/quarter in which the termination notice is given and unpaid fees shall be due and payable.

Grandfathering of Account Terms
Pre-existing advisory clients are subject to our minimum account requirements, advisory fees and billing terms in effect at the time the client entered into the advisory relationship. Therefore, our firm's account terms will differ among clients.

Additional Fees and Expenses
As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds, collective investment trusts or exchange traded funds. These fees will generally include a management fee and other fund expenses. You may also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through whom your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, collective investment trusts, exchange traded funds, our firm, and other plan service providers.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Performance- based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance- based fees. Our fees are calculated as described in the Advisory Business section above and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We generally offer investment advisory services to pension and profit-sharing plans.

Argent Retirement, in its sole discretion, may reduce or waive its minimum quarterly fee. A plan client that maintains less than $1,500,000 of assets and is subject to the $3,000 per quarter minimum fee, could pay a higher percentage quarterly fee than that referenced in the above fee schedule.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies
We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

Fundamental Analysis - involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company and its industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.

- **Risk:** The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

Risk of Loss
Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As indicated above**,** Argent Retirement recommends a platform of unaffiliated investment vehicles to the Plan trustees for their consideration and approval (primarily, unaffiliated lowest appropriate share class open-end mutual funds, with the small remainder allocated to collective investment trusts.

As disclosed under the Advisory Business section in this brochure, we can offer advice on collective investment trusts, mutual funds and ETFs. We may recommend other types of investments as appropriate for you since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Mutual Funds, Exchange Traded Funds (ETFs) and Collective Investment Trusts (CITs): Mutual funds, ETFs and CITs are professionally managed collective investment systems that pool money from many investors and invest in stocks, bonds, short-term money market instruments, other mutual funds, other securities or any combination thereof. The fund or trust will have a manager that trades investments in accordance with its investment objective. While mutual funds, ETFs and CITs generally provide diversification, risks can be significantly increased if the fund or trust is concentrated in a particular sector of the market, primarily invests in small cap or speculative companies, uses leverage (i.e., borrows money) to a significant degree, or concentrates in a particular type of security (i.e., equities) rather than balancing the fund with different types of securities.

Exchange traded funds differ from mutual funds and CITs since they can be bought and sold throughout the day like stock and their price can fluctuate throughout the day. Also, while some mutual funds are "no load" and charge no fee to buy into, or sell out of, the fund, other types of mutual funds do charge such fees which can also reduce returns. Mutual funds can also be "closed end" or "open end". So called "open end" mutual funds continue to allow in new investors indefinitely whereas "closed end" funds have a fixed number of shares to sell which can limit their availability to new investors.

A CIT, is a group of pooled accounts held by a bank or trust company. CITs are generally available through employer-sponsored retirement plans, pension plans, and insurance companies. Although CITs are pooled funds just as mutual funds are, CITs are unregistered investment vehicles, not unlike hedge funds. The primary objective of a collective investment trust is, through the use of economies of scale, to lower costs with a combination of profit-sharing funds and pensions.

In addition to Argent Retirement's investment advisory fee described above, and transaction and/or custodial fees charged to the client for purchase of securities for the account (i.e., mutual funds, ETFs, etc.), clients will also incur, relative to all mutual fund, ETFs and CITs, charges imposed at the fund or trust level (e.g., management fees and other fund expenses).

Item 9 Disciplinary Information

Argent Retirement has no reportable disciplinary information.

Item 10 Other Financial Industry Activities and Affiliations

Argent Financial Group, Argent Retirement's principal owner, is also the sole owner of Argent Fiduciary Consulting Services, LLC (provides consulting and compliance services to trust companies and registered investment advisers), Argent Advisors, Inc. (affiliated SEC registered investment adviser firm), Orleans Capital Management, LLC (affiliated SEC registered investment adviser firm), Argent Trust Company (custodian and trust services) (See below concerning Argent Trust Company), Argent Institutional Trust, Argent Trust Company (an Oklahoma Trust Company), Argent Insurance Services, LLC (insurance), Argent Insurance, LLC (insurance), Argent Mineral Management, LLC (oil and gas, lease management, etc.), Argent Advisors Leasing Services, LLC (an employment leasing company), Ameritrust Investment Advisers Inc. (an Oklahoma state registered investment advisory firm). There may be instances when portfolio managers may purchase municipal bonds for advisory accounts in issues where Institutional Services (a department of Argent Trust) serves as trustee and/or paying agent /registrar. Argent Financial Group owns 100% of Argent Wealth, LLC, formerly known as Pinnacle Wealth, LLC and Highland Capital Management LLC (each an SEC registered investment adviser firm).

In certain circumstances, Argent Retirement may refer clients to entities owned by Argent Financial Group, including those referenced in the immediately preceding paragraph. Those entities may be engaged to provide services to the client. There are no referral fee agreements between Argent Retirement and any affiliated entities. Regardless, any such referral raises the potential for **conflict of interest**. No Argent Retirement client is under any obligation to engage any such affiliated entity.

Clients are under no obligation to engage the services of such affiliated entities.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for persons associated with our firm. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All persons associated with our firm are expected to adhere strictly to these guidelines. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Clients or prospective clients may obtain a copy of our Code of Ethics by contacting us at the telephone number on the cover page of this brochure.

Participation or Interest in Client Transactions

Neither our firm nor any persons associated with our firm has any l financial interest in client transactions beyond the provision of investment advisory services as disclosed in this brochure.

Personal Trading Practices (to the limited extent applicable)

As indicated above, Argent Retirement does not execute any securities transactions for its clients. All employees are still required to comply with the above Code of Ethics.

Item 12 Brokerage Practices

As indicated above, Argent Retirement does not execute any securities transactions for its clients. Argent Retirement is custodian neutral (the retirement account custodian is usually directed by the Plan sponsor). In the limited event requested to do so, we will seek to recommend custodians that provide quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We would also consider the quality of the services provided, including i the firm's reputation, execution capabilities, transaction fee rates, and responsiveness. The client is free to engage the brokerage/custody provider of its choosing.

Brokerage for Client Referrals
We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Item 13 Review of Accounts

Argent Retirement will monitor the plan on a periodic basis (no less than quarterly) to determine if engaged services continue to be provided consistent with Plan's *Investment Policy Statement.*

Item 14 Client Referrals and Other Compensation

As indicated above, Argent Retirement is custodian neutral (the retirement account custodian is usually directed by the Plan sponsor). Argent Retirement does not receive economic benefits from account custodians.

Argent Retirement engages promoters to introduce new prospective clients to Argent Retirement consistent with the Investment Advisers Act of 1940, and applicable state regulatory requirements. If the prospect subsequently engages Argent Retirement, the promoter shall generally be compensated by Argent Retirement for the introduction. Because the promoter has an economic incentive to introduce the prospect to Argent Retirement, a conflict of interest is presented. The promoter's introduction shall not result in the prospect's payment of a higher investment advisory fee to Argent Retirement (i.e., if the prospect was to engage Argent Retirement independent of the promoter's introduction).

Argent Retirement also maintains an internal bonus compensation plan whereby its investment adviser representatives can qualify to receive bonus compensation based upon new client introductions.

Item 15 Custody

The independent custodian for the plan account(s) can be authorized to directly debit the applicable account(s) for the payment of Argent Retirement's advisory fees. We do not have physical custody of any plan funds and/or securities. Rather, plan funds and securities will be held by an independent, qualified custodian of the plan's choosing. The plan participant will receive account statements from the independent, qualified custodian(s) at least quarterly. To the extent applicable, the account statements from the custodian(s) will indicate the amount of our advisory fees deducted from the plan account(s) each billing period.

The account custodian does not verify the accuracy of Argent Retirement's advisory fee calculation.

Item 16 Investment Discretion

Argent Retirement does not provide discretionary investment management services.

Item 17 Voting Client Securities

Proxy Voting
Argent Retirement does not vote proxies for Plan accounts.

Plan account owners will receive proxy materials directly from the account custodian.

Item 18 Financial Information

Our firm does not have any financial condition or impairment that would prevent us from meeting our contractual commitments to you. We do not take physical custody of client funds or securities, or serve as trustee or signatory for client accounts, and, we do not require the prepayment of more than $1,200 in fees six or more months in advance nor have we filed a bankruptcy petition at any time in the past ten years. Therefore, we are not required to include a financial statement with this brochure.

Additional Information

Your Privacy
We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure if you have any questions regarding this policy.

Trade Errors
In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account.

Class Action Lawsuits
Argent Retirement does not determine if securities held by Plan accounts are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation, nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by Plan accounts.

Argent Retirement's Chief Compliance Officer, Carrie Brown, remains available to address any questions regarding this Brochure.
